

Bernhard Motel

Senior Vice President, General Manager

Global Pistons

Tenneco Powertrain

Bernhard Motel is Senior Vice President and General Manager, Global Pistons for Tenneco's Powertrain division, responsible for the P&L of the piston product line.

Motel has held a number of leadership roles in the pistons business during his career with the Powertrain division. Prior to this role, Motel served as Vice President, Global Operations, Pistons for Federal-Mogul Powertrain. Before that, he was Director, Global Operations, Pistons, PTE. His previous roles have included project management tasks in Turkey, UK and South Africa; Plant Manager, Nuremberg; Operations Director, Pistons, Europe, Middle East and Africa (EMEA). He joined T&N in 1995, which was then acquired by Federal-Mogul.

Motel earned a master's degree in mechanical engineering from Technische Universität, Berlin, Germany.
