

Detlev Baudach

Vice President and General Manager,
EMEA

Tenneco Clean Air

Detlev Baudach is Tenneco's Vice President and General Manager, EMEA, responsible for leading the sales, operations and manufacturing in the region for the Clean Air division.

Previously, Baudach led global sales and marketing for Federal-Mogul Motorparts including global OE/OES sales processes, planning and policies. Prior to that role, Baudach served as managing director for HJS Emission Technology GmbH & Co KG, a modular aftertreatment systems company in Germany. He also spent seven years as a managing director for Ricardo, a consultancy for engineering, technology, project innovation and strategy, also based in Germany.

Baudach earned a bachelor's degree in economics and marketing from Lahr Scientific University, Lahr, Germany and a degree in mechanical engineering from RWTH Aachen University, Aachen, Germany. He is also on the supervisory board for Motortechnische Zeitschrift (MTZ) for On/Off Highway Heavy-Duty Engines.
