

## Janice Maiden

Senior Vice President, Human Resources

Senior Vice President, Global Systems Protection

Tenneco Powertrain

Janice Maiden is Senior Vice President, Human Resources for Tenneco's Powertrain division, responsible for HR and talent management leadership for the organization. In addition to her role as HR executive, she leads the company's global Systems Protection product line with responsibilities for the P&L and strategic leadership.

Previously, Maiden was Senior Vice President and General Manager of the Sealing and Gaskets and Systems Protection business unit of Federal-Mogul Powertrain. Before that, she was Vice President and General Manager for Systems Protection. She has also served as VP, Technology and Sales, Systems Protection. She joined Federal-Mogul in 1993 as a Senior Product Development Engineer in Exton, Pennsylvania.

Maiden earned a bachelor's degree in engineering from the Philadelphia University and a master's degree in engineering and business from the University of Pennsylvania's Wharton School of Business, both located in Philadelphia, Pennsylvania. In 2009, she completed the General Management Program (CEDEP), an international business development program at INSEAD, located in Fontaine Bleu, France.

A well-respected leader both within and outside of the Powertrain organization, she has been named twice as one of the Top 100 Women in the North American Automotive Industry by *Automotive News*.
