

## John Wehrenberg

Vice President and General Manager,  
North America  
Tenneco Clean Air

John Wehrenberg is vice president and general manager, North America Clean Air. He is responsible for leading the profitable growth and performance of Tenneco's Clean Air business in that region.

Wehrenberg joined Tenneco in 2018 from seating and interior trim supplier Futuris Group, where he was chief operating officer for North America. Prior to that, Wehrenberg was vice president for product line management at Commercial Vehicle Group. He has also held positions of increasing responsibility at companies including Nelson Global Products; Teleflex, Inc., where he headed commercial operations in Asia; and ArvinMeritor.

Wehrenberg has a BA in Economics from DePauw University in Indiana and an MBA from the Darden School of Business at the University of Virginia.
