

## Michael Hedderich

Senior Vice President, General Manager

Global Rings and Liners

Tenneco Powertrain

Michael Hedderich is Senior Vice President and General Manager, Global Rings and Liners for Tenneco's Powertrain division, responsible for the overall strategic growth and profitability of the Global Rings and Liners product line.

Prior his current role, Hedderich served as Federal-Mogul Powertrain's Senior Vice President and General Manager, Global Rings and Liners and Valve Seats and Guides. Before that, he was Vice President, Operations for Rings and Liners, Valve Seats and Guides and Cams and Rods. During that time, Hedderich also had additional responsibility for all Pistons, Ignition and Valve Seats and Guides plants. Prior to that, he was Vice President, Operations, Rings and Liners.

Hedderich joined Federal-Mogul in 1997 as Manufacturing Manager in Burscheid, Germany. He has since held several operations roles, including Plant Manager, Burscheid; and Operations Director, Rings and Liners, Europe and Transmissions. He also served as Managing Director of the German plants in Burscheid, Friedberg and Dresden. Prior to joining Federal-Mogul, Hedderich worked at Thyssen Krupp Nirosta, Germany, as Product Line Manager.

Hedderich earned a degree in metallurgy from The University of Clausthal, in Clausthal-Zellerfeld, Germany.
